

Unmanned Aircraft Registration Application Form New • Renewal • Cancellation and
Notification of Change

To: Minister of Land, Infrastructure, Transport and Tourism

December 20, 2021 Address 2-1-3 Kasumigaseki, Chiyoda-ku, Tokyo

Western calendar notation Name KOUKUU taro

I apply for registration of the following unmanned aircraft, along with the relevant documents.

Owner information	Name	KOUKUU taro		Birth date	September 20, 2000		
				Corporate No.			
	Address	2-1-3 Kasumigaseki, Chiyoda-ku, Tokyo 100-8918					
	For Corporation	Name					
		Department in charge					
		Contact person address					
		Contact person name					
Phone number	03-5253-8111						
E-mail address	koukuu@mlit.go.jp						
User information	Same as the owner?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No (If no, please provide the following information)					
	Name	In the case of a "self-built aircraft" or a "manufacturer's aircraft" that does not have a serial number to identify it individually, the applicant (owner) should set the serial number by oneself, referring to the following example. (Do not leave "Serial number" field blank) The serial number should be a combination of upper-case letters and numbers with a maximum of 20 digits. e.g. : In the case of the second aircraft built by Mr. KOUKUU taro in 2021 Manufacturer ... KOUKUU taro (Name of manufacturer) Model ... KOUKUU-1 (Surname of manufacturer+numeral) Serial number ... KT2021002 (Manufacturer's initials, up to 2 characters+year of manufacture (A.D.) +within 14 alphanumeric characters (Assign a number choosing from a total of 33 symbols, 10 of which are numeric numbers and 23 of which are alphabets))					
	Address						
	For Corporation						
	Phone number						
E-mail address							
	Registration system login ID	Unmanned aircraft Registration ID					
Unmanned aircraft information	Type	<input type="checkbox"/> Aircraft <input type="checkbox"/> Rotorcraft (Helicopter) <input checked="" type="checkbox"/> Rotorcraft (Other) <input type="checkbox"/> Rotorcraft (Others) <input type="checkbox"/> Glider <input type="checkbox"/> Airship					
	Model	××××	Manufacturer	××××	Serial number	××××	
	Weight category*	<input type="checkbox"/> 25kg or more <input checked="" type="checkbox"/> Less than 25kg					
	Alteration	<input checked="" type="checkbox"/> No <input type="checkbox"/> Yes (If yes, describe the outline of the alteration and attach a separate sheet)					
	Remote ID	<input type="checkbox"/> No <input type="checkbox"/> Yes (Built-in type) <input checked="" type="checkbox"/> Yes (External type) ※For external type, fill in the right side.		Model	Manufacturer	Serial number	
			××××	××××	××××		

Postal code

If the weight increases by 10% or more when remote ID equipments not specified by the aircraft manufacturer are installed, check Yes in "Alteration" field and describe to that effect.

Declaration to meet the registration requirements※	<input checked="" type="checkbox"/> The aircraft must not have any features that could significantly impair safety for a person on the ground <input checked="" type="checkbox"/> The aircraft must not be extremely difficult to control by remote control or autopilot <input checked="" type="checkbox"/> The aircraft has not an airframe or is not equipped with an equipment, which the Minister of Land, Infrastructure, Transport and Tourism has designated in a public notice as one that may significantly impair safety		<input checked="" type="checkbox"/> The aircraft must not have any features that could significantly impair safety for a person on the ground <input checked="" type="checkbox"/> The aircraft must not be extremely difficult to control by remote control or autopilot <input checked="" type="checkbox"/> The aircraft has not an airframe or is not equipped with an equipment, which the Minister of Land, Infrastructure, Transport and Tourism has designated in a public notice as one that may significantly impair safety		Excluding propellers and other equipment as structures necessary for flight			or features that could significantly impair safety for a person on the ground collision with a
Manufacturing category	<input checked="" type="checkbox"/> Maker's aircraft with or without alteration <input type="checkbox"/> Self-built aircraft							
Aircraft weight※	kg		Maximum takeoff weight※		kg			
Aircraft dimensions※	Overall width	m	Overall length	m	Overall height	m		
Aircraft image※	(Attach a photo showing the entire aircraft. If the weight category is 25 kg or more, attach a total of 4 photos of the top, front, side of the aircraft and the control device.)							

(Notes on filling out the form)

- Note 1) Items marked with ※ do not need to be entered for the manufacturer's aircraft. However, in the case of an altered or self-built aircraft, all information should be entered.
- Note 2) If the application is made by a corporation, enter the name of the corporation in the "Name" field and the location of the head office or principal office in the "Address" field.
- Note 3) The application must be accompanied by either 1) or 2) of the following identification documents. In the case of an agent, in addition to a document certifying that the agent has legitimate authority (letter of attorney, etc.), the same information as that of the user should be attached, and the identification documents of the agent should be attached as well.
- 1) A copy of a certificate of residence or a certificate of entry in the certificate of residence (Created within the last 6 months. Photocopies not acceptable) ... 1 copy
 - 2) Individual Number Card, driver's license, health insurance card, etc. with the name, date of birth, and address on it (Must be valid as of the date of application)... 2 copies
- Note 4) Multiple unmanned aircraft may be registered together if they have the same owner. In this case, the application should be submitted with the necessary relevant documents for each "user information" and "unmanned aircraft information" so that the relationship can be understood.
- Note 5) For registration applications, it is not necessary to fill in the "Registration ID" field.
- Note 6) For renewal applications, fill in the owner information, user information, and registration ID.
- Note 7) For notification of changes, the changed matters and the reasons for the changes and the date of occurrence of the reasons shall be attached as relevant documents.
- Note 8) For cancellation applications, fill in the owner's information and the registration ID, and attach the reason for cancellation and the date of occurrence of the reason as relevant documents.
